3. HAZARDS IDENTIFICATION SUMMARY

- Causes skin irritation. Harmful if swallowed or absorbed through skin.
- Causes moderate eye irritation.
- Do not get on skin or on clothing. Avoid contact with eyes.
- Wash thoroughly with soap and water after handling.
- Remove contaminated clothing and wash before reuse.
4. FIRST AID MEASURES

Contact with eyes

May cause irritation and may be harmful. Flush eyes immediately and continue for at least 15 minutes. Take care not to rinse contaminated water into the unaffected eye or onto the face. Seek medical attention immediately.

Contact with skin

Immediately flush body and clothes with large amounts of water. Remove contaminated clothing and footwear. Gently wash affected areas with soap and water. If a large area is affected or if irritation persists seek medical assistance.

Ingestion

Do NOT induce vomiting if swallowed. Wash mouth with water and seek medical attention immediately. Small sips of water may be given.

Inhalation

Should irritation occur, remove patient to fresh air. If breathing is shallow or has stopped, ensure airway is clear and apply resuscitation. Seek medical assistance soon if irritation persists.

5. FIRE FIGHTING MEASURES

Specific Hazards:

Hydrogen chloride (HCl), nitrogen oxides (NOx) may be released during fire.

Extinguishing media and Methods:

Make use of water spray, foam, carbon dioxide (CO₂), dry powder to extinguish fires.

Protective Clothing:

Wear appropriate chemical-protective clothing.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions

Avoid contact with skin, eyes and inhalation by using chemically resistant clothing and equipment. Wash hands and face after use.

Environmental precautions

Do not discharge into drains/surface waters/groundwater or into subsoil/soil.

Spill Procedures:
Absorb spills with inert material and place in waste containers. Prevent material from entering waterways. Wash area with water and absorb with further inert material.

7. HANDLING AND STORAGE

HANDLING

Avoid contact with skin and eyes and inhalation. Ensure adequate ventilation. Cleaning water should be disposed of in appropriate manner. When using, do not eat, drink or smoke.

STORAGE

Store in original container tightly closed and in a locked, cool, dry, ventilated area away from foodstuffs, fertilizers and seeds and sunlight. Keep out of reach of children and away from uninformed persons. Protect from extreme temperatures.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering measures: 
Use in well ventilated area.

Respiratory protection

Wear respirator with a particle filter with medium efficiency for solid and liquid particles.

Hand protection

Dependant on activity; Wear suitable chemical resistant safety gloves.

Eye protection

Wear safety goggles with side-shields or full-face shield.

General safety & Hygiene measures:

Keep away from food, drink and animal feed stuff. This material and its container must be disposed of as hazardous waste. Avoid release to the environment. Wash contaminated clothing before re-use.

### 13. DISPOSAL CONSIDERATION

**Product disposal**

When emptying container, triple rinse and add remaining material to spray tank. Return the empty container to a Recovery collection point for disposal.

**Container disposal**

Avoid contaminating any water supply with the chemical or empty container.
